

COMPLETE Pre-Cut Kit

The Barn Garage, nearly identical to our classic Barn, features a robust garage door rather than the double barn doors. To accommodate the overhead garage door, while still maintaining over the road transport, we decreased the roof pitch to increase the wall height.

COMPLETE PRE-CUT KIT:

A weather tight shell. The PCK is the complete kit for a design. It includes everything required to assemble the building shell and includes doors and windows.

EVERY KIT INCLUDES

- Color Coded
- Part Numbered
- Step-by-Step Instructions
- & All Fastening Hardware Included
